ABOUT UNIVERSITY

The vision of Veer Narmad South Gujarat University, as envisaged in the University Act, is to contribute to the field of higher education in the region and enable its inclusive development in all walks of life by making available trained personnel in various branches of knowledge-keeping in mind the larger goals of nation-building. The University is committed to maintaining high standards of teaching, promoting research, and undertaking the requisite extension activities that would reach out to every section of society. Veer Narmad South Gujarat University has endeavored to be an institution of excellence in higher education since its inception, keeping in mind the regional needs and the emerging trends in the era of globalization.

The mandate of the University is to meet the developmental needs of the seven districts and two Union Territories in the region and attempts to realize their potential in every walk of life ranging from technology, business, industry, and commerce to language, culture, and fine arts. The basic objectives of the University as envisaged by the University Act are Undergraduate and Post-graduate teaching, maintaining their high standards, awarding degrees to the candidates successful in their respective examinations and promoting research in higher education through the doctoral research.

The university was originally established under the South Gujarat University Act, 1965 passed by the Gujarat State Legislative Assembly. It became functional in the academic year of 1966 and was incorporated as a University on 23 May 1967. Recognized by the University Grants Commission in 1968, it was renamed Veer Narmad South Gujarat University in 2004 after the great Gujarati poet Narmad, Narmadshankar Lalshankar Dave. The University at present, re-accredited a 'B++' grade with 2.86 CGPA on the 4 Points scale by the National Accreditation and Assessment Council in 2022.

About the Department

The Department of Sociology at Veer Narmad South Gujarat University is one of the pioneering departments of the university, initiated its maiden journey in the year 1970. Since its inception, the department offered MA, M.Phil. and Ph.D. programs in Sociology. In its initial decade, the department had fewer than 10 students, but with the establishment of colleges across the region in the decade of 90's, these numbers steadily increased. Over the decades, the department has remained at the forefront of addressing the contrasting dynamics between tribal ecology and industrialization, particularly in the context of post-modernity. This empirical focus has enriched the department's academic and research pursuits. In response to evolving societal needs, the department introduced a self-financed Master's Degree in Social Work (MSW) program in the academic year 2005-06 and later expanded its offerings to include a Ph.D. in Social Work, started in 2019. Throughout its growth, the department has continuously met emerging challenges, particularly in addressing the unique social and educational needs of the surrounding tribal communities. To fulfil the needs of the region, Post Graduate centres have been established. Even after the establishment of PG centres in the region, the department growth remains steady. The department has also attracted students from foreign nations, facilitating their pursuit of Master's and Doctoral degrees in both Sociology and Social Work. A significant number of tribal students opt for Sociology to better understand their social realities and contexts. The faculties of the department have also rendered their expertise in framing and designing different policies for the various sections of society through key projects assigned by the Government. The department regularly hosts national, state, and regional conferences and seminars, addressing social issues. In addition, faculty have conducted numerous research projects and extension activities, contributing to the department's prominence at the national level. Graduates of the department are making significant contributions to society, with many of them rendering their services in the schooling system, as well as the higher education system. While, social work students are placed in government organizations, NGOs, industries, and corporate sectors—especially in health, education, community, and correctional settings. Apart from classroom teaching, the department is committed to fostering the holistic development of its students, focusing on enhancing their inherent abilities and potential. It is a matter of great pride for the department that its faculty members have been recognized with lifetime achievement awards for their contributions to the field of Sociology. Furthermore, alumni of the department have excelled in various leadership roles at research centres, and different
