

About the Department

The Department of Mathematics was established in 1978, initially functioning jointly with the Department of Statistics. It was later developed into an independent postgraduate department. Our faculty members are actively engaged in research across diverse areas, including Numerical Methods, Spline Approximation, Number Theory, Combinatorics, Modelling Simulation, and Fluid Dynamics.

About the Seminar

This two-day national seminar will showcase the brilliance of mathematical knowledge where renowned guest speakers will share ideas and contribute their knowledge to the students and participants. The event provides a platform for sharing innovative ideas and fostering academic growth. The primary objective of the seminar is to explore the mathematical foundations that are fundamental to various mathematical sciences such as mathematics, physics, statistics, and computer science.

Organizing Secretary

Dr. D. V. Shah, Dept. of Mathematics,
VNSGU, Surat

Who Can Participate?

Undergraduate students, Postgraduate students and Academic staff from any branch of Science or Engineering with an interest in Mathematical Sciences are eligible to attend.
