Historical Overview of the Department

The Department of Sociology at Veer Narmad South Gujarat University is one of the pioneering departments of the university, initiated its maiden journey in the year 1970. Since its inception, the department offered MA, M.Phil. and Ph.D. programs in Sociology. In its initial decade, the department had fewer than 10 students, but with the establishment of colleges across the region in the decade of 90's, these numbers steadily increased. Over the decades, the department has remained at the forefront of addressing the contrasting dynamics between tribal ecology and industrialization, particularly in the context of post-modernity. This empirical focus has enriched the department's academic and research pursuits. In response to evolving societal needs, the department introduced a self-financed Master's Degree in Social Work (MSW) program in the academic year 2005-06 and later expanded its offerings to include a Ph.D. in Social Work, started in 2019. Throughout its growth, the department has continuously met emerging challenges, particularly in addressing the unique social and educational needs of the surrounding tribal communities. To fulfil the needs of the region, Post Graduate centres have been established. Even after the establishment of PG centres in the region, the department growth remains steady. The department has also attracted students from foreign nations, facilitating their pursuit of Master's and Doctoral degrees in both Sociology and Social Work. A significant number of tribal students opt for Sociology to better understand their social realities and contexts. The faculties of the department have also rendered their expertise in framing and designing different policies for the various sections of society through key projects assigned by the Government. The department regularly hosts national, state, and regional conferences and seminars, addressing social issues. In addition, faculty have conducted numerous research projects and extension activities, contributing to the department's prominence at the national level. Graduates of the department are making significant contributions to society, with many of them rendering their services in the schooling system, as well as the higher education system. While, social work students are placed in government organizations, NGOs, industries, and corporate sectors—especially in health, education, community, and correctional settings. Apart from classroom teaching, the department is committed to fostering the holistic development of its students, focusing on enhancing their inherent abilities and potential. It is a matter of great pride for the department that its faculty members have been recognized with lifetime achievement awards for their contributions to the field of Sociology.

To impart excellent Programme in the field of higher education that could continuously respond to the changing social realities through the development of Professional knowledge, skills and attitude towards creating a people-centered and sustainable society. Of course, that will promote and protect the Dignity, Equality, Social Justice and Human Rights for all.

In pursuance of its vision, the Department commits to facilitate the Development of competent Students of Sociology & Social Work to intervene in the interest of larger community at various levels to correct social pathology and bring social change to cater the needs of society.

- The core objective of the department is to prepare the students for scientific study of society and building career in public and private sectors.
- Also, to prepare the students for productive career in various fields that would respond to continuous changing social realities for creating a people-centric and sustainable society by providing a suitable academia of teaching, field work training and research in the emerging areas of the discipline.

Message from HOD's Desk...

Dr. M. N. Gayakwad, Prof & Head

The Department initiated PG programmes in Sociology in 1970 and MSW (SF) in 2005. The programmes have completed the journey of 55 and 20 years respectively. Both programmes aim to innovate and cater for the needs of society. The curricula of the programmes are designed to promote a sustainable society guided by global and local perspectives, respect for human dignity and knowledge-based scientific inquiry. The intensive practice-based training of both programmes is designed to actualize its quest for social and economic justice. The eradication of evil social practices and empowerment of quality life for every human being are the main thrust of the programmes. To achieve its goal and mission the department has contributed through different research projects based on social issues pertaining to society, publications and extension activities. The faculties of the department have contributed to the above academic works and apart from that the department has been rendering their services to the different government bodies. At this juncture, I would like to express sincere thanks on behalf of the department to university authorities for their continued support since the inception of the department. We would also like to express our best wishes for the University's 60th years Anniversary.

Best Wishes!

Research and Extension:

The Department has gathered and articulated vast empirical data from tribal perspectives. The Department has renowned faculty members with respective specializations in Rural, Urban, industrial and tribal social settings and their interfaces. It is pertinent to note that some faculty members are well recognized for their contributions at national and international levels. Along with teaching assignments, the department faculties participated in and presented their research paper at national, state and regional seminars and conferences. The faculties have also published their research work in reputed journals. The faculties have undertaken different research projects sponsored and assigned by different government bodies. So far, faculties have completed 22 research projects on major themes such as studies on Socio-Economic studies of marginalised communities, Social Problems and Impact assessment of development programmes. So far, faculties have contributed their expertise through the publication of 16 books on different subject matters of sociology. The Department has till now conducted four national conferences, and more than ten national seminars and workshops covering themes like marginalization, gender and violence, globalization, social exclusion & inclusive policy, health women empowerment and issues of tribal development etc.

Giving due recognition to the contributions of the Department, the UGC entrusted the Department with the Centre for Social Exclusion and Inclusive Policy under the 11th Plan in 2007. The Centre has completed eight research projects on vulnerable groups like the Dalits, minorities, women, migrant labourers etc. So far, 29 students have been awarded the M.Phil. Degree and more than 52 candidates have been awarded the Ph.D. Degree. The Department also offers guidance to students appearing for UGC exams and programmes. So far more than 25 students have qualified for the National Eligibility Test and 62 students have qualified for the State Eligibility Test. To say the least, one student is awarded a Post-Doctoral fellowship by the UGC and as of now, three students are pursuing their doctoral work under the prestigious fellowship of UGC and the Ministry of Tribal Affairs Government of India. Along with that four foreign students from Afghanistan, Malawi and Lesotho countries are also pursuing their doctoral work in the department under the fellowship of the Indian Council for Cultural Relations (ICCR).
