DEPARTMENT OF
INTERIOR DESIGN 2026-27

PHILOSOPHY OF THE INSTITUTE

An Interior Environment is one of the primary, multi layered experiential theme and extension of Human Beings which directly acts upon their physiology and emotions. Its existence lies between the realm of Art and Architecture. It can be a piece of Art or a Functional Machine, intense or relaxed, traditional or modern, supported by appropriate technology and climatic solutions comforting human beings. An understanding of economic constraints, client approaches, dynamic global trends and response to the conditioning of mind, body and soul. Such understanding of the interior environment is aimed and realized at BID.

A design student is made to realize various aspects of design that create an Interior Environment through subjects relating to aesthetics, Spatial Human behavioural patterns, use of material, application of technology and services. All together the design, graphical and technical skills of a student is developed and nurtured.
