OR

- (b) Write about the important points we must pay attention to while summarising written or spoken text. 7
- 5 (a) Make a summary of the following passage : 7
- Ehealth is a new term, characterising a wide range of health care changes, most of them enabled through the internet. Through new technologies, patients are enabled to become partners in health care. This will have a tremendous impact on, public health, patient encounters, caregiver's processes, health care cost reductions, and the quality of health care. Ehealth brings to the fore connectivity where patients will be connected to caregivers through email and providers will provide new ways for telemedicine and telecare. There are online pharmacies, and internet pharmacy services will increase as services will become more safe and reliable. The convenience and cost saving will make this an important field.

OR

- (a) Read the following paragraph carefully and make notes on it : 7
- Drug-related health disorders are many and varied
- (i) Dirty needles and solutions used for injecting drugs can easily cause abscesses in the arms and veins, liver disease, venereal disease, and infection of kidneys and brain.
