- 4 (a) Make notes from the passage below : 7
- The functions of universities have steadily increased over the centuries and today they have to enact a variety of roles. These are: First, to foster the spirit of free enquiry, and to promote independent and critical thinking;
- Second, to be a repository of knowledge, responsible for its transmission through teaching and extra-mural programmes;
- Third, to be the place for the pursuit, generation and application of new knowledge;
- Fourth, to be the training ground for competent professionals, including doctors, engineers, business managers and administrators;
- Fifth, to render service to society, anticipating its needs and assisting in the fulfilment of social and economic objectives;
- Sixth, to promote values and assist in the preservation of culture and traditions.

OR

OR

Prepare the minutes of the above meeting.

- 5 (a) Transfer the details of the passage given below in a diagram : 7
- Since our generation has neither the time nor the taste for fiction, they conclude, the novel is doomed. Statistics, however, contradicts the critics. They show that the novel is still numerically the most popular type of book published in this century. In April 1957, for example, 328 new novels appeared, no less than a fifth of all the new books published in that month and 200 more than the next largest category, children's book.
- (b) Prepare your advertisement on any one : 8
- (i) Computer game for college students
 - (ii) A new reading book
 - (iii) For a dance class
