C. Attempt any one of the following. (07)

You are working in a group on a collaborative project for a course. One team member consistently dominates the discussions, dismisses others' ideas and doesn't contribute their fair share of the work. This is causing frustration among the rest of the group. How would you handle this situation using assertive communication skills?

OR

During a group presentation in class, you notice that one of your teammates appears nervous avoiding eye contact and fidgeting, which might affect the overall delivery of the presentation. How would you use your non-verbal communication skills to help your teammate and ensure the success of the presentation?
