Post Graduate, Part time, One Year Diploma in Internal Audit
From Academic Year 2005-06

As is a well known fact in the competitive age of commerce and industry simple graduation from any faculty does not impart the necessary qualifications to our youth. Our graduates must achieve something more if they want to make successful careers. Our Veer Narmad South Gujarat University registers a large number of graduates and post graduates from all streams. But these graduates face an acute problem of unemployment after they leave the university/college and enter into the world of competition. To solve this problem our graduates and post graduates must get opportunities to do some short term courses like one year Diploma in Internal Audit. Thus we feel that there is an acute need of starting such Diploma course in our college. We are hopeful that such course will be of immense benefit to our students and be of great help to them to secure good jobs in various offices or even if they wish to set up their own office. It has come to our notice this type of course is not run by any institution or college in the whole of Veer Narmad south Gujarat University area and so we have decided to make all possible efforts to set up such center which may offer this short term Diploma course to our students and help them to make successful careers.
