Revised SOP for Internship

1. Internship

Internship under NEP 2020 is a structured academic exposure designed to provide students with practical understanding of the industrial, professional, research or organizational environment related to their discipline. The primary objective of internship is to bridge classroom learning with real-world applications by allowing students to observe workplace practices, understand operational systems, develop basic professional skills and gain industry exposure. Internship generally involves guided learning, limited task-based participation, observational training, report preparation and interaction with professionals, thereby helping students enhance their practical knowledge, communication skills, professional ethics and career awareness.

Provision of Internship

Provision	Duration	Credit	Purpose
Internship#	120 Hours on completion of First Year	4 Credits	To avail Certificate on exit of 1 st year of UG programme.
Internship#	120 Hours on completion of Second Year	4 Credits	To avail Diploma on exit of 2 nd year of UG programme.
Internship	120 Hours 6 th Semester	4 Credits	To provide industry exposure. Mandatory Internship during 3 rd year of UG programmes in Major discipline.

Students who are not undergoing Vocational Course (Exit Course) of 4 credits at the end of 1st year or 2nd year of UG programmes, he/she needs to undergo internship to avail Certificate and Diploma respectively.

2. Credit Weightage

The credit weightage for Internship is suggested to be 30 hours per credit if they have only practical exposure or lab-based activities. Accordingly, the students must dedicate required number of hours for the same. The SOP offer scope for providing hands on learning with classroom experience. Both HEIs & Industries can decide mutually for the duration of classroom lecture and industry visit.

3. Internship Pathway

Step 1: The concerned University department/College shall appoint Internship Coordinator and decide subjects to be offered or linked with Internship. The learning outcomes of every subject needs to be defined and mapped.

Step 2: Considering the subject and learning outcomes, institute/college should look for concerned industry who shall provide internship to students.

Step 3: Exchange a letter of Intent/ MOU with the concerned industry/employer (also called Skill Knowledge Partner) mentioning the assignment to be given to the students, nature of work, duration of work per day, total duration, stipend (if applicable) paid to the students, evaluation, and certification process. **(Annexure-1*)**

University has prepared a draft MoU as guidelines to be signed with the Industry for the purpose of Internship. It is not mandatory to sign the MoU with Industry / SKP. Department / College can exchange a letter of intent as prescribed in Annexure-1 instead of MoU.

Step 4: Assign the industry to the students in lieu with their profile and the requirement of industries. **(Annexure-2*)**

Step 5: Evaluation of the students during and at the end of assignment shall be done jointly with industry supervisor and faculty of the concerned University department/College. **(Annexure-3*)**

Step 6: Issue of certificate/ Letter of Assignment Completion, based on result of the evaluation. **(Annexure-4*)**

* Annexures are suggestive. Department/College/Industry may modify as per need.

4. Online Data Management

The Internship is suggested to be tracked by Nodal Officer appointed by the Department/College through a digital platform by developing a new or upgrading existing 'Students' Information System' used by concerned University/College.

The platform is expected to capture the following:

- A. Details of Employer
- B. Organization Name
- C. Industry Supervisor Name and Details
- D. Nature of Industry
- E. Task Assigned
- F. Location
- G. Date/s of Internship
- H. Total Hours Completed
- I. Evaluated by a Department/ College Faculty Supervisor

The internship dates, number of days, total hours of internship, and number of interactions by faculty with students, remarks by faculty, student learnings, and feedback can be captured.

The concerned University department/College that prefer to track the internships off-line need to make sure that the relevant faculty is responsible for proper monitoring. While doing so, it must collect and store data and information in a way that makes it possible to produce and use it for monitoring and assessment.

5. Suggestive Safety Measures

1. The concerned University department/College may sign an agreement/MOU with the Employer or organization that shall be providing internship to students. The MOU shall incorporate necessary requirement for internship that includes:
 - Learning exposure to students, assist student to meet learning outcome,
 - Facilities which may be provided by Skill Knowledge Partner (SKP) to assign the work to the students
 - Nature of work
 - Duration of work per day
 - Total duration
 - Stipend paid to the students (if applicable)
 - Evaluation mechanism and
 - Certification
2. In absence of agreement/MOU, letter of Intent (LOI) can be considered as a document to engage the specific organization/employer as Skill Knowledge Provider.
3. Internship should be at the nearest area from University department/college or residence of student. Considering the reputation of industry, safety measures, and convenience, students may opt for Internship at distant location.
4. All safety measures should be complied by industry/ firm or establishment where Internship is carried out.
5. Adequate facility like place to sit, toilets and hygiene facility shall be provided, to ensure gender inclusiveness.
6. Timing and duration of the Internship should be convenient to students, by keeping the travel safety and security into consideration.
7. Internship shall be carried out in offline mode. There should be optional options to work online or remotely, considering the nature of the industry and task which meets the learning outcomes.

6. Industry (Skill Knowledge Provider)

1. Skill Knowledge Provider shall nominate a person who shall be 'Industry Supervisor' or 'Mentor' who will provide exposure to student during assignment of work.

2. The Industry Supervisor should be oriented about the objective of the subject and learning outcome expected from the Internship.
3. Industry Supervisor shall share the feedback of the students and may provide suggestion which can be incorporated for future batches.

7. Measures to be undertaken by Students

1. Students should register themselves on the portal/platform provided by concerned University/ college.
2. Students shall record their daily activities and learning in a daily diary, which will also have tasks, activities, and suggestions by the supervisor. The supervisor and the faculty shall assign the time to submit the written documented report.
3. The student shall mention their learning and reflections in the report. Also, it will help students to relate, test and implement classroom learning during assignment of work as well as share his/her experience in class and with peers. The supervisor shall support the student in daily activities and the faculty shall guide them to assimilate the learning in class through an open discussion session.
4. Student has to undertake internship in the Major discipline. Student can undertake internship after completion of examination of Semester 4 for internship of Semester 6.
5. Areas of Internship have been identified by the respective Board of Studies. The areas as suggested by the respective Board of Studies are exclusive but not limited.

8. Evaluation System

The Head of the University Department/ Principal of the College / Internship Coordinator will assign faculty guide to all students irrespective of subject of faculty guide. The grade/marks for Internship shall be provided by the Industry Supervisor/ Mentor as Continuous and Comprehensive Evaluation (CCE) and Semester End Evaluation (SEE) will be done as per university norms in the ratio of 50% and 50% respectively as per following evaluation structure. The concerned SKP can issue a certificate or letter for work completion after successful completion of Internship by students.

Evaluation Structure for Internship

External (University/College Level) Evaluation (SEE)

Particular	Internship Report	Presentation	Viva Voce	Total Marks
Marks	30	10	10	50

Internal (Industry Level) Evaluation (CCE)

Particular	Skill	Discipline	Attendance	Total Marks
Marks	30	10	10	50

As student can undertake internship after completion of examination of Semester 4 for internship of Semester 6, Internship Coordinator of department / college will submit the marks of CCE and SEE of said internship in the Semester 6.

At the end of successful completion of Internship , Internship Coordinator of department / college will submit total marks out of 50 (CCE) + 50 (SEE) = Total 100 to the University through online portal i.e. vnsgu.net.

The concerned University department/college need to submit necessary information of the Internship of the students on university portal i.e. vnsgu.net as per following step.
